

## 2020 Uphill Farm CSA Agreement

The purpose of this agreement is to outline the parameters of the Uphill Farm Market-Based CSA. We want to be fair to everyone and present a clear understanding of how the CSA works.

1. Uphill Farm will strive to be at every Rochester and Randolph Farmers Market in 2020, barring unforeseen circumstances or situations beyond our control. In the event we will not be at a market, we will notify through our Facebook page. We will be in attendance for the entire time the market is open, although we may sell out of certain items.
2. Uphill Farm will continue to grow a wide assortment of vegetables and plant starts along with microgreens, berries, herbs and flowers. We grow everything that we sell. Should this change we will clearly state that we did not grow that particular item.
3. Uphill Farm does not use non-organic chemical pesticides, herbicides, or fertilizers in our farming operation. We do not have USDA Organic Certification. Our farming methods build the soil.
4. CSA member shares may be purchased for any amount over \$50 and may be purchased or added to at any time before or during the market season.
5. All items purchased with the pre-paid share will be discounted by 10%. This includes at farmers markets as well as special sales. **Retail sales in stores are not included.**
6. The balance of your share must be used by the last Farmers Market of the season in October 2020. We cannot give refunds for unused funds. We intend to have post-season special sales on fall products, at which we would accept unused funds, but this is dependent on outside factors and cannot be guaranteed.
7. There is no obligation for a CSA member to purchase on a regular basis. The only limitation is to use your funds by the end of our sales year.
8. Uphill Farm will keep a running total of your spending and replenishment of funds. We will make this information available to you at any time you request.
